WORK EXPERIENCE

WEB Guild Developer (Non-Profit)

Feb 2024 - Present

- Developed responsive websites using HTML, CSS, and Bootstrap to ensure consistent functionality across all devices, which resulted in enhanced user engagement and client satisfaction.
- Collaborated with cross-functional teams by aligning designers, project managers, and developers to deliver projects on time and within budget, bolstering the company's reputation for reliability.
- Implemented SEO techniques by optimizing on-page elements, conducting keyword research, and refining site structure, leading to improved search engine rankings and increased organic traffic for client websites.

Dining Hall Staff

Feb 2024 - May 2024

- Prepared and served meals to students and staff by adhering to strict food hygiene standards, ensuring consistently high-quality and safe meals, which led to a positive dining experience and high customer satisfaction.
- Efficiently managed peak dining period by organizing workflows and coordinating with team members, maintaining smooth operations and ensuring prompt service, which minimized wait times and enhanced customer satisfaction during busy times.
- Assisted in inventory management and stock rotation by monitoring inventory levels, ensuring proper stock rotation, and tracking expiration dates, which minimized waste, reduced costs, and maintained the freshness of food supplies

Grounds Facilities Team Member May 2024 – August 2024 *Augustana College Facilities Management | Rock Island, IL*

- Operated specialized machinery and equipment with precision to maintain campus grounds and landscaping, resulting in a clean and visually appealing environment that enhances the overall experience for students, staff, and visitors.
- Performed regular inspections and repairs of irrigation systems by identifying and addressing leaks and inefficiencies, leading to optimized water usage and supporting the college's sustainability goals.
- Contributed to sustainability initiatives by implementing eco-friendly landscaping practices, such as using native plants and reducing chemical use, which improved the ecological health of the campus and aligned with the college's environmental commitments.

PROJECTS

Personal Portfolio

- Created a responsive website showcasing technical skills and projects using HTML, CSS, JavaScript, and Bootstrap.
- Integrated multimedia elements and interactive features to engage visitors effectively.
- Optimized website performance and accessibility to achieve a seamless user experience across devices.

Discord Bot Developer (Ouroboros)

- Created a global Discord bot using Python (discord.py), enabling users worldwide to manage tournaments and automate processes.
- Deployed and managed the bot via terminal on a DigitalOcean droplet with Apache, ensuring reliable performance.
- Configured environment variables and handled API dependencies to maintain secure, scalable access for global users

.MEGA

MEGA

- Developed a basic website using HTML and CSS to practice fundamental web development skills.
- Implemented responsive design principles such as a PHP include system to ensure compatibility across various devices.
- Applied debugging techniques to troubleshoot and resolve technical issues effectively.
